

*Multi-purpose  
Aluminum Sliding  
Windows*

 **Columbia**  
Windows & Doors

# Pole Barns, Machine Sheds, Garages

## Frame & Sash

are made of 6065-T5 extruded aluminum alloy, finished with white or bronze acrylic electrostatically applied enamel.

## Tube Type Sill

with mechanical weeps.

## Operating Sash

automatically locks in closed position.

## Optional Divided Lites

provided by dust free muntin bars sealed between insulated glass.

# Window Features

- 1/2" Insulated Glass or Single Glazed.
- Integral "J" Channel – ideal for post frame building construction. (3700/4700 Series only.)
- Minimal air infiltration.
- Greatly reduces noise transfer.
- High performance poly bond fin seal weatherstripping around perimeter of operating sash.
- Adjustable self-lubricating type rollers.
- Vinyl guides on top & bottom rail of operating sash ensure smooth even operation.
